SKIING FROM 2,020 M **COMFORTABLE ON THE PISTE**

The sunshine and ski paradise of Kühtai starts at a height where others already stop; at 2.020 metres above sea level. Well away from all the hustle, bustle, stresses and strains, we offer varied and extensive, perfectly-groomed ski runs, which have been given the Tyrolean State's Piste Quality Seal. Here skiers of every kind will find the downhill they want. There is a wide variety of well-prepared runs satisfying both beginners and advanced skiers. Fantastic deep-powder slopes are just waiting to be enjoyed. Its high altitude means Kühtai can offer quaranteed snow and ideal skiing conditions from December to April. www.kuehtai.info

The ski lifts can be reached in no time at all from the resort's hotels and car parks. The lifts are linked by connected pistes, enabling skiers to do a "tour of Kühtai". The 8-seater cable car KaiserBahn, three 4-seater chairlifts with wheater-protective covers, the 4-seater chairlift WiesBergBahn, a 2-seater chairlift, five T-bars and a magic carpet for beginners await the visitor. With a transport capacity of 18,501 people per hour you're never left waiting!
