HIKING TIPS IN KÜHTAI – THERE'S LOTS TO EXPLORE AROUND KÜHTAI

PRIME OF THE ALPENROSE

Summer flowers in full blossom

Kühtai is situated in the middle of a diverse botanical garden on an altitude of over 2,000 m. Between end of June till end of July the beautiful endemic alpine rose is in its prime and Kühtai changes into a colourful garden. Different trails from 1–3 hours are showing this beauty in its full glory and its fragrance is all around.

FINSTERTAL RESERVOIR

A place full of energy – Exhibition room Sperrenhaus

The Finstertal reservoir on an altitude of 2,300 m impresses with its 149 m high rockfill embankment. In the exhibition room of the Sperrenhaus, visitors can get detailed information about the building phase, the technical background of the reservoir, the pumped storage plant and its surrounding. The exhibition room is open daily from 09:00 to 17:00 o'clock.

PANORAMA CLIMBING VIA FERRATA

Above you lies the adventure

An indispensable experience! The climbing route enables to conquer steep rock faces and ridges, which are usually only possible for highly experienced professional mountain climbers.

Starting point for the approx. 4 hour lasting tour is the entering point – in a distant of 20 minutes from the DreiSeenBahn Mountain station (2,420 m), clearly signposted. The amazing Via Ferrata on a medium to difficult level has been built with 550 m of steel rope, 150 steel pins and 60 stepping brackets for protection. It offers its conqueror unforgettable moments in the alpine surrounding.

The descent leads through a marked way from the Pockkogel (2,807 m) to the Finstertal reservoir and finally to a highly earned comfortable pause at the DreiSeen-Hütte (2,311 m).

PANORAMA ROAD

The most beautiful route for an exciting summer in the mountains on 2 or 4 wheels

Magnificent unique landscapes which vary at each altitude! No toll or vignette needed to discover the beautiful and breathtaking mountain scenery. From Innsbruck to Kühtai within only 40 minutes through Kematen into the Sellrain valley (L13) passing Sellrain, Gries uand St. Sigmund. Or from Oetz in the Ötz valley the well-developed mountain road L237 leads to the wild romantic scenery of the Neder valley. A beautiful panorama road goes from Haiming up to the Haimingerberg through Ochsegarten, continuing the pass road to Kühtai.

THE TASTE OF KÜHTAI

Mountain huts and restaurants

Simply wonderful – round off the intense experience of nature while hiking or biking with a hearty snack. Kühtai offers you many opportunities in the village itself or on one of the many huts in the hiking area. E.g. DreiSeen-Hütte – just 8 minutes away from the mountain station.

HIKING AREA KÜHTAI

Wonderful **hiking trails** in the alpine area and more than a dozen beautiful **mountain lakes** are waiting for you. An ideal opportunity to experience **“3,000 m”** – Kühtai really has a lot to offer. Whether you are on a hiking or a biking tour, Kühtai is a paradise for those who are searching for a unique nature experience. Directly from Kühtai village many hiking routes lead up to the scenic mountains, passing by scented alpine pines and lush green meadows. Or you take the DreiSeen-Bahn up to 2,400 m above sea level and start from there to discover the magnificent attractions of the Alps.

DreiSeen-Tour

The DreiSeenBahn takes you daily (from 25 June to 18 September 2022) from 09:00 am to 04:30 pm up to 2,420 metres. From the mountain station you walk past the Oberer Plenderlesee (no. 1) and reach the DreiSeen-Hütte (no. 2), which is located directly on the Unterer Plenderlesee, within 8 minutes walking distance. Within further 20 minutes walking distance you can hike over the Höhen-Panorama trail (no. 4) and reach the Finstertaler reservoir or even try a climbing tour over the Pockkogel (no. 9) on the via ferrata. The descent takes 90 minutes via the Mittlerer Plenderlesee and on to the Hirschebensee (no. 6) to Kühtai. Alternatively, you can also hike from the DreiSeen-Hütte to Kühtai via the toboggan run (no. 5), a path suitable for prams.

The DreiSeen-Hütte is also a good start for different mountain tours for example up to the Sulzkogel (3,016 m), the Gaiskogel (2,820 m) the Neunerkogel (2,640 m) or the Pockkogel (2,807 m) and many more. Starting from the DreiSeen-Hütte to the Längentaler reservoir, passing the Finstertaler reservoir you can hike on the legendary **Miner's Trail** to the Knappenhaus in the Wörgle valley.
